	<p>OUR NEEDLES ARE BETTER AND LESS EXPENSIVE: We have switched to 18g tri-beveled anti-coring needles (NEW) from the 21g side port needles (OLD). The new needles should almost never plug up, don't break as often, and are easier to clean.</p> <p>You should see no difference in test results as long as you use a septa when testing a package. While we are keeping the part numbers the same, we are increasing the quantity:</p>
<p>9003: Spare needles (qty 5) = \$25 <i>up from qty 3</i> 9027: Spare needles (qty 20) = \$85 <i>up from qty 12</i></p>
